

Donation Refund Policy

Nodark Inc appreciates your donation and your support of our mission. Our budget and ongoing financial health rely on accounting for and accepting irrevocable, non-refundable donations from the public. Therefore, Nodark Inc considers all donations to be nonrefundable. Nodark Inc may consider re-directing donations to an alternate charity. Any donations re-directed will have the monetary amount determined by prevailing exchange rates, if needed. Any increase in potential processing fees of a donation re-direct will be covered by an equivalent reduction in the net re-direct amount. There is a fifty-fifty (50/50) distribution in effect for closed Campaigns that have a net donation balance. Fifty (50) percent of this balance goes to the Campaign owner's charity of choice that aligns with Nodark Inc's mission. The remaining fifty (50) percent will be directed with fifteen (15) percent of this amount applied to general administrative expenses and thirty-five (35) percent applied towards Nodark Inc's charity of choice. Nodark Inc will consider your request if it is made with ninety (90) days of the original donation. You are responsible for all tax considerations that may arise if your donation is re-directed. If a donation is made in error please contact us at info@nodarkinc.org
